48u Network Rack Parameters

Overview

AR3347 - APC NetShelter SX, Networking Rack Enclosure, 48U, Black, 2258H x 750W x 1200D mm . SmartRack enclosures are designed for secure, high density server and networking applications in IT environments. Vendor-neutral square. Common server rack sizes are 19-inch width, heights like 42U or 48U, and depths from ~24″ to 48″. Most IT environments default to 42U, 19-inch width, and 1000–1200 mm depth unless space constraints or special equipment dictate. NetShelter SX Networking Enclosure expands Schneider Electric's superior IT enclosure line with improved support for high density networking applications. Integrated high density cable managers and improved cable access roof provide support for large cable bundles.
