Dsfpx optical module Huawei

Overview

Fiber Optic Equipment: This optical module is designed for fiber optic networks, ensuring reliable and high-speed data transmission. Compatibility With HUAWEI: The module is specifically compatible with HUAWEI equipment, ensuring seamless integration and performance in existing HUAWEI network. Optical modules are optoelectronic devices that perform photoelectric and electro-optic conversions. The optical signals back into electrical signals. Optical modules are classified by their packaging forms, with common types including SFP, SFP+, SFP28, QSFP+, QSFP28, QSFP56, QSFP-DD, QSFP112, and. - Full lifetime warranty for parts and labor. TORNADO-A6678, TAMMC, TORNADO-MTCA, TORNADO-mMTCA, MIRAGE-NE1, MIRAGE-NC2 are trademarks of MicroLAB Systems. Contact MicroLAB Systems for more details. Experience exceptional network performance with the 10G optical transceiver. This top-of-the-line product, directly from Huawei, guarantees superior quality and reliability. Huawei's main business scope is switching.

HUAWEI DSFPX-A Optical Module 1270/1330nm for FTTH & IP

Fiber Optic Equipment: This optical module is designed for fiber optic networks, ensuring reliable and high-speed data transmission. Compatibility With HUAWEI: The module is specifically compatible

Huawei QSFP28-100G-LR4 Optical Module Datasheet

Huawei QSFP28-100G-LR4 Optical Module Datasheet Optical modules are optoelectronic devices that perform photoelectric and electro-optic conversions. The transmitting end of an optical module

Optical Modules in General-Purpose Computing Scenarios

Huawei offers a comprehensive portfolio of pluggable StarryLink optical modules for data center networks, with various models providing flexible plug-and-play solutions tailored to diverse interface

T/AX-DSFPX rev.1A AMC Module

1Gbps SFP transceiver modules with SM fiber, MM SR fiber, and CAT5 cable Optional functions: Independently enabled and configured secure communication for uplink SFP+ ports (complies IEEE

T/AX-DSFPX AdvancedMC (AMC) module with two

MicroLAB Systems can modify this product to meet special customer requirements. MOQ may apply. Contact MicroLAB Systems for more details.

Huawei 10g-1330tx/1270rx/-10km-Sm-Esfp-Rru 10g-1270tx/1330rx

This top-of-the-line product, directly from Huawei, guarantees superior quality and reliability. Operating at a wavelength of 1310nm, it provides a transmission distance of 0.1KM, making it perfect for short

Huawei Optical Module Common Models

Optical modules are important devices in fiber optic communication systems. Huawei Optical Module is manufactured by Huawei Technologies Co. and originated in Shenzhen.

Huawei Optical Modules and Cables

Buy Genuine Huawei Optical Modules and Cables from GenuineModules with best price and fast worldwide shipping.

How To View Optical Transceiver Information On Huawei Switches

© 2026 PROMETHEAS OPTICAL - All rights reserved

Optical transceivers are widely applied in switches, network cards, routers and other communication devices. Checking transceiver parameters allows users to monitor real-time

Huawei StarryLink Optical Module

Huawei QSFP-DD-400G-FR4-D Optical Module Datasheet Optical modules are optoelectronic devices that perform photoelectric and electro-optic conversions. The transmitting end of an optical module

Huawei QSFP28-100G-LR4 Optical Module Datasheet

The transmitting end of an optical module converts electrical signals into optical signals, while the receiving end converts optical signals back into electrical signals. Optical modules are classified by

LSH7Y52BX2E0 (40-port 25G/10G/GE Ethernet Optics and 4-port

LSH7Y52BX2E0 (40-port 25G/10G/GE Ethernet Optics and 4-port 100G/40GE Ethernet Optics, or 48-port 25G/10G Ethernet (X2E, SFP+/QSFP28)) Overview Table 8-96 Basic information about the

10G gigabit single-mode dual-core SFP+ optical module SFP-10G-LR

High-performance 10G SFP+ optical module compatible with Huawei, H3C, Cisco, and ZTE equipment. Dual-core single-mode design with 1330/1270nm wavelength, offering reliable connectivity for

Genuine Transceiver Modules

GenuineModules is a reliable supplier of optical interconnect products for use in fiber optic networking, including optical transceiver modules, direct attach cables,

Cisco C9300-48S-E 48-Port SFP Fiber Switch | Enterprise Network

Cisco Catalyst 9300 48-port SFP fiber switch with modular uplinks, StackWise-480, and advanced Layer 3 routing for secure enterprise networks.

Optical Module Solutions for Huawei S5700/S5720 Series Switches

When using switches, we may encounter many confusions, such as what types of optical modules are needed for different models of Huawei switches, and how to resolve issues encountered

Optical Modules Market Research Report 2034

The optical modules market was valued at $14.8 billion in 2025 and is projected to reach $39.6 billion by 2034, growing at a CAGR of 11.5%.

Huawei 34060917 OSX040B02 10G-TX1330/RX1270nm-40km-SM-Bidi-SFP+ ...

© 2026 PROMETHEAS OPTICAL - All rights reserved

Huawei 34060917, with part number OSX040B02, is a 10G SFP+ BiDi optical transceiver for commercial applications. It adopts single-fiber bidirectional transmission over single-mode fiber with a maximum
