Cable tray punching equipment processing

Overview

Cable tray manufacturing relies on a coordinated production line of specialized machines: a roll forming line shapes the profile, a CNC press brake handles secondary bending, a punch press creates mounting holes and ventilation slots, and a shearing line cuts the finished tray. Cable tray manufacturing relies on a coordinated production line of specialized machines: a roll forming line shapes the profile, a CNC press brake handles secondary bending, a punch press creates mounting holes and ventilation slots, and a shearing line cuts the finished tray. Cable tray manufacturing relies on a coordinated production line of specialized machines: a roll forming line shapes the profile, a CNC press brake handles secondary bending, a punch press creates mounting holes and ventilation slots, and a shearing line cuts the finished tray to length. Together. The cable tray punching machine is a specialized piece of equipment designed for producing precise holes and slots in cable trays used for electrical wiring management. Utilizing advanced automation technology combined with precise punching, bending, and cutting. At Shree Jagdamba Enterprises, we offer a comprehensive range of Cable Tray Punching Machines that enable efficient and precise punching of cable tray systems. It combines rolling, punching, cutting and forming in one, realizing full automation with consistent product quality. It forms steel coils into perforated or solid cable trays with precise dimensions and strong.

Cable Tray Manufacturing Machines: Press Brake, Punch Press

Learn which machines make cable trays — roll forming, press brake, punch press, and shearing line. Step-by-step process guide, specifications, and machine selection tips for 2026.

Cable Tray Punching Machine

Utilizing advanced automation technology combined with precise punching, bending, and cutting processes, this machine efficiently completes the forming and

Cable Tray Punching Machines | Cable Tray Punching

These machines are designed to punch holes, slots, or perforations in cable tray components with precision and speed, optimizing your manufacturing capabilities.

cable tray punching machine

cable tray roll forming machine automates precise forming of steel cable trays, with customizable profiles, high-speed production, and durable components. Ideal for electrical construction and

Cable Tray Sheet Punching Machine

Invest in our advanced Cable Tray Sheet Punching Machine and enhance your cable tray manufacturing capabilities. Contact us today to explore our range of equipment, discuss your specific requirements,

Cable Tray Making Machine Manufacturer in India

In the past, cable tray production relied heavily on manual labor and outdated machinery. Workers would have to measure and cut metal sheets by hand, leading to inconsistencies in size and shape. The

Cable Tray Punching Machine

The cable tray machine is a specialized production equipment designed for manufacturing various specifications and models of cable trays, including trough

Cable Tray Roll Forming Machine

Multi Size Cable Tray Roll Forming Machine Our latest version of the multi-size cable tray roll forming machine can produce various lengths and heights, suitable

Cable Trays 2023

© 2026 PROMETHEAS OPTICAL - All rights reserved

The lines we propose allow industrialising any type of cable tray. Our lines are suitable to manufacture cable trays, in different widths, heights, and thicknesses, at a high rate, with low changeover times.

Cable Trays

Our lines are suitable to manufacture cable trays, in different widths and heights, by just changing the coil and rollforming width. The whole line is electronically

Cable Tray Punching Machine

Cable Tray Punching Machine The cables and wires in bulk cannot be installed and secured properly without cable trays. Therefore, to make the essential

Cable tray punching machine roll forming machine

Cable tray punching machine line punching process: decoil material-leveling-punchcand cut-forming –output of table Cable tray making machines,cable tray

Punching Tray Manufacturer and Supplier in China

Through conversion of high precision processing equipment is laying a basis of quality-guaranteed punching tray production. Since then, KDM is a professional

Punching Cable Trays

In the realm of electrical equipment and supplies, punching cable tray play a crucial role in ensuring organized and efficient cable management. These structures, typically made from materials such as

Cable Tray Production Line

With the help of cable tray production machinery lines practical control panel, software and work adjustments, using of our cable tray machine line is pretty

HOPEX Fully Automatic cable tray punching machine

HOPEX Fully Automatic cable tray punching machine is a cutting-edge solution for steel cable tray manufacturing. It combines rolling, punching, cutting and forming in one, realizing full automation with

Cable Tray Punching Machine | Automatic & Customizable Solution

With advanced technology, flexible customization, and dependable online technical support, our cable tray punching machine helps customers improve productivity and competitiveness in the cable tray

Cable Tray Punching Machine for Trough Trays

© 2026 PROMETHEAS OPTICAL - All rights reserved

It combines roll forming, hydraulic punching, and precise cutting in one continuous process. With its advanced PLC control system and automated functions, the
