First, connect each pre-terminated fiber optic cable to the adapter panel separately to ensure that the ports correspond one by one; then fix the fiber optic adapter panel to the front panel

How to install optical fiber distribution box□

The installation of an optical fiber distribution box is a multi-step process, and the following is a detailed installation guide:

Fiber Distribution Box

Fiber Distribution box contains the shell, the internals (supporting frame, set fiber disc, fixing device) and optical fiber joint protective element. Prominent advantages of fiber termination box lie in efficient
